

Brain Awareness Week 2013 Program - SOMS, SNN, British Council, UMF

Monday, March 11 2013, Inauguration at Faculty of Medicine, Carol Davila University, University Library

15:00 - 17:30	Opening Ceremony - Chairman: Univ. Prof. dr. Leon Zagrean (SNN Honorary President) Aldebarani Gonzalez & Alexandru Calin (SOMS), Univ. Prof. dr. Dragos Vinereanu (UMF), Mr. Gabriel Ivan (British Council representative), Univ. Prof. dr. Leon Zagrean (SNN), Univ. Prof. dr. Ovidiu Bajenaru (SNR), Associate Prof. dr. Mihai Moldovan (SNN), Univ. Prof. dr. Alexandru Vlad Ciurea (UMF), Dr. Andrei Ilie (University of Oxford), Univ. Prof. Ioan Lador (CCSPS), Univ. Lector dr. Catalin Paunescu (CCSPS)
17:30 - 17:45	Break
17:45 - 19:45	Workshop: <i>Experimental Exploration of motor skills: from sensors to multidimensional processing</i> , Univ. Prof. dr. Florin Munteanu, Center for Complexity Studies <i>Dinamic correction between biofeedback and the concept of "Orthotics Information"</i> , dr. Pierre de Hillerin, dr. Radu Bidiugan, National Research Institute for Sport

Tuesday 12, March 2013, Open Lab Day at Faculty of Medicine, Carol Davila University

All day	Open Neuroscience Labs: UMF Carol Davila (Center for Excellence in Neuroscience), Victor Babes National Institute (Molecular Biology Lab), Sports department Health and Performance Laboratory
09:00 - 12:00	Workshop: Hands-on brain telemetry: Surgical procedures and recordings - Neuroscience Laboratory at the Center for Excellence in Neuroscience, UMF Carol Davila
12:00 - 14:00	Break
14:00 - 17:00	Symposium: Wireless brainwave recording: A technological update on implantable telemetry - Physiology Amphitheatre
17:00 - 18:00	<i>"I don't remember"</i> Residents Differential Diagnosis Challenge Coordinated by Dr. Bogdan Popescu (at SUUB)

Wednesday 13, March 2013, School Day

10:00 - 16:00	Residents, Medical Students and Neuroscientists visit at School No. 30 - 4 th -8 th grade students <i>"What is it like to be a researcher?"</i> - small experiment for children <i>"How well do you know your brain?"</i> - interactive lectures and games regarding brain functions
15:00 - 17:00	Neurotoxic action potentials , Assoc. Prof. dr. Mihai Moldovan - Copenhagen University, DK (at the Faculty of Biology)

Thursday 14, March 2013, Community Day

	FameLab Competition , powered by British Council (at Faculty of Medicine, Carol Davila University, University Library)
16:00 - 17:30	Presentations of the participants in the competition
17:30 - 18:00	The Jury will deliberate & Nominate the finalists for the next stage of the competition
18:00 - 18:30	Announcement of the selected participants
20:00 - 21:00	Conference: "Introducing Neuroscience" Assoc. Prof. dr. Mihai Moldovan - President of the National Neuroscience Society of Romania & dr. Andrei Ilie - University of Oxford (at the British Council Library)

Friday 15, March 2013, Science Day at Faculty of Medicine, Carol Davila University, George Emil Palade Amphitheater

14:00 - 18:00	Symposium: The Brain: Interplay of Matter and Information Leon Zagrean , UMF Carol Davila - Neuroepigenetic Mechanisms of Holistic Integration Gheorghe Stefan , UPB - "Information: support for complexity" Alexandru Vlad Ciurea , UMF Carol Davila - Human brain limits; fact vs fiction Andrei Dorobanțu , IFIN-HH - "Do I have a brain? If not, I'll build one." Florin Munteanu , Center for Complexity Studies - Augmented Reality and Mind Evolution in a Knowledge-based Society Adrian Restian , UMF Carol Davila - Mental Experiment in Neuroscience
---------------	--

Saturday 16, March 2014, Active Day

09:00 - 10:30	Mini-Experiment <i>"Does exercise boost your memory?"</i> Quick presentation and data collection from participating subjects.
10:30 - 11:00	Warm Up with WorldClass
11:00 - 11:30	"Running Brains" 1-Km Kids Run, walk or ride for the Brain!
11:30 - 12:30	"Running Brains" 5-Km Big Kids Run, walk or ride for the Brain, with Gabriela Szabo - Olympic Champion in 2000!
12:30 - 14:00	Registration of results, data analysis and conclusions
